Dear Apogee Electronics,

Thank you for your continued support of the Corazon de Vida Foundation and the children we serve. This is your year-end contribution letter for tax purposes.

Total 2012 donations: **\$ 3,200.00**

We truly could not have helped so many without your support. It is because of your generosity that we are able to continue feeding and housing over 800 children each and everyday. Your support to these children is much more than just giving money to a charity; you are giving the children hope of a better future.

Thank you for being part of a dedicated group of caring and compassionate Angels who have stepped forward to join CDV as we work to eradicate homelessness and poverty in Baja. Thank you for your partnership.

On behalf of the children, Gracias!

Sincerely,

A handwritten signature in black ink, appearing to read "Hilda Pacheco-Taylor".
